ADDITIONAL CLASSES

TUMBLE CLASSES

Tumbling is an incredibly important part of Allstar Cheerleading and we recommend that all athletes supplement their weekly training with a tumble class. Unity Allstars run a very comprehensive tumble programme. Our classes are structured to meet the needs of our individual athletes in both age and level. We offer small class sizes to MAXIMISE learning! All tumble class information is released to members in the first few weeks of the new season.

TUMBLE PRIVATES

We have multiple coaches who are able to offer private tumble lessons to athletes. Privates cost between £20-£27 per person per half hour session. All private lessons will be monitored by our Tumble Director. Detailed information on how to access private lessons will be released during the first week of the new season. Private lessons are the quickest and most comprehensive way for an athlete to learn to tumble or to progress their tumbling.

CAMPS AND CLINICS

Our tumble and stunt camps and clinics are designed to help athletes build confidence, sharpen skills, and take their performance to the next level. Led by experienced coaches, these sessions provide focused training in a fun, supportive, and high-energy environment. Whether athletes are mastering fundamentals, progressing new tumbling skills, improving stunt technique, or refining elite-level performance, our camps and clinics offer valuable opportunities for accelerated development. Open to a range of ages and abilities, they're the perfect way to gain extra training, challenge yourself, and continue growing throughout the season.

FLYER STRETCH CLASSES

Our 45-minute Flyer class is designed to elevate both flexibility and strength, focusing on essential stretching and conditioning techniques. We begin each session with unique stretching methods, helping flyers improve body positions that are vital for confident stunting. Conditioning is a core component throughout the class, incorporated into both the warm ups and cool downs. The goal is to develop not just flexibility, but also strength, creating strong, well-rounded flyers. We've already seen significant growth in participants, and we are excited to continue building on that success in each class.

STUNT GROUP PRIVATES

Stunt group privates provide an opportunity for athletes to train their flying skills with our coaches and top level athletes. Sessions run in small groups (up to 3 athletes) with 1-3 bases depending on stunt style. We offer both styles of privates - group stunt and coed. Stunt group privates are a great experience creating increased confidence and often lead to levelling up more quickly.

WORLDS TEAMS

We are excited to confirm that all eight Unity Worlds teams will be attending the IASF World Cheerleading Championships in Orlando, Florida in April 2027.

To remain competitive, these teams undergo intensive training and a high level of commitment is required. Athletes offered a place on a worlds team must commit to attending the World Championships, as well as all training sessions, camps and clinics.

Provisional Travel Dates:

Thursday 15th – Wednesday 28th April 2027 (landing Thursday AM)

A travel package will be available covering flights, accommodation, transport, and competition entry. To keep costs manageable, payments can be made via a monthly plan or as otherwise arranged. Athletes under 18 must be accompanied by a parent or guardian. Estimated cost: £2,400.

Please note that not all athletes are guaranteed to compete, additional athletes may be rostered as alternates.

We are grateful to Rebel Athletic for continuing to sponsor uniforms, shoes, and bags for our Worlds teams. As sponsorship does not cover full costs, a small rental fee will apply.

“

Seeing D’Jean’s progress over the past two seasons with Unity has been amazing. The coaching, support and positive team environment have played such a big part in helping her grow in confidence and achieve her goal of becoming a World Champion this season. We’re incredibly proud of everything she’s accomplished and excited to see what the future holds for her at Unity. ”

WORLDS TEAMS

*PLEASE NOTE

- Athletes who are age-eligible for a U18 or Open Worlds team, as well as a U14 or U16 team, will be required to compete with the younger age group as their primary team. They may join a Worlds team as their secondary team. Exceptions may be granted for athletes with a commute of over two hours to the gym.
- The planned competition schedule for our Worlds teams may change once Worlds bids for the following season have been won, however we will endeavour to provide performance opportunities until the end of the season. Additional competitions may be added if required to win bids for the 2028 Cheerleading Worlds.

“

I cannot thank the Unity family enough. Since moving here, my daughter has gained skills she never imagined possible and has been supported every step of the way to make incredible progress.

Just a few weeks before Worlds, she was diagnosed with a significant illness. The coaching staff were absolutely brilliant, adjusting her training to ensure she could continue to manage sessions while, most importantly, still feeling part of the team and not letting anyone down.

The coaches could not have been more supportive, encouraging, and understanding throughout. I only wish we had made the move sooner. ”

“

We joined Unity Allstars in 2018 and the programme genuinely adapts to each athlete. My eldest moved quickly through to UA Royal, their World's team, winning gold at The Cheerleading Worlds. My youngest has autism and learning disabilities and was given the time and space to develop at her own pace before moving up to Allstar. The coaches are skilled, experienced, and take the time to understand your child. Progression isn't always linear and Unity knows that. Trust the process. ”
